### From The Editor

DX sure has picked up over the past couple of weeks. There has been several good DXpeditions going on. Niue, Comoros, Zimbabwe, North Cook Islands, Tuvalu and Chesterfield Island have all been very prominent on the airways. I have work all of these EXCEPT Chesterfield Island. Three of these have already confirmed on LOTW which brings my confirmed count up to 253.

The program for the October meeting is a presentation on the Raspberry Pi single board computer. It is titled "So You Want Some Pi", Raspberry Pi that is. This is a credit card sized computer with which you can accomplish amazing things.
